

# CRYSTAL LIGHT SPIRITUAL SPRAYS

The concept behind our high powered Spiritual Sprays are to remind the body's energy field of its original "colour" blueprint. Restoring balance to imbalances, in turn our body, mind & spirit can return to a harmonic state.

Matter, such as our physical body, is organized by wave forms and frequencies. Resonance is the basic principle that similar vibrations will naturally vibrate together. Our Spiritual Sprays work to transform your inner life by influencing your energetic system with a force that has a frequency to its own natural healthy frequency. Use to ground or uplift your energy and to enhance your mood and emotions.

These high powered Spiritual Sprays are made with holy water, essential oils, alchemy essences and vibrational frequencies (programmed using crystals, sound, colour, planets, sacred geometry and other energies found in nature). Contains corresponding gemstones. Simply mist your aura with the spray you are drawn to at the moment or based on your energy needs at the time. Also can be used to change the energy in a room and to program gemstones.
