## ABOUT US...

Ashbury's Aromatherapy, a division of Colour Energy, is your Canadian source for the highest quality essential oils, unscented bases, healing salts, hydrosols and other natural aromatics as well as custom blends, fragrance duplication, product development and private labelling.

Since 1988, Ashbury's has been an industry leader sourcing only the best oils from around the world. Family owned and operated, our products are pure, unadulterated and internationally sourced. Organically grown with no chemicals or preservatives and double tested for the highest quality control.

## INTRODUCING OUR COLOUR-CODED OIL CONCEPT...

Each Colour Energy® essential oil, mix and blend is colour-coded to correlate with the body's main chakra centres.

Chosen for their therapeutic value, our oils are easy to use to help empower one's various levels of energies physically, emotionally, mentally & spiritually!

## CHAKRA BLENDS

Chakra Blends are a wonderful concept because they allow the user to experience more of a "totality" than just using one oil. A synergy blend's purpose is to take like-minded oils and put them together to increase or intensify a desired effect, and in this case for the chakra system. Colour Energy further amplifies the power of each blend by only using oils of the same colour frequency.

## THERAPY BLENDS

Symptom specific Therapeutic Blends have proven to alleviate certain ailments. These powerful recipes contain 30% therapeutic essential oils to 70% massage oil. These all natural colour-coded remedies are FREE from additives, alcohols, chemical fragrances and preservatives.

## FLORAL WATERS & HYDROSOLS

Hydrosols, also known as floral waters, can be used instead of regular water to create natural fragrances, lotions, creams, facial toners, and other skin care products. They can also be added to the bath or used on their own as a light cologne or refreshing body spray..

**NEW PRODUCT!**  
Medieval Thymes™ Soap

## MEDIEVAL THYMES

As the story goes...The essential oils used in this legendary recipe are rumoured to be the same ones used by thieves as a means of protection while they looted the weak, during the time of the Black Plague.

COLOUR	SKU #	DESCRIPTION	1 Litre	4 Litres

## COLOUR YOUR MOOD™

Our mood-enhancing oil mixes are colour-coded formulas designed to support the body, mind, and spirit on multiple levels.

Add 3-4 drops of a mix to a car or personal aromatherapy diffuser. To enhance your sense of well-being, add several drops of your favorite mix to a corresponding Colour Bath® and create a pampering aroma and color therapy home spa experience!

Try in any of our unscented products, including shampoo, conditioner, body wash, lotion, or deodorant.

# COLOUR ENERGY & ASHBURY'S 2025 BULK PRICE LIST

## BOTTLES & CAPS

**Minimum Quantity Twenty Four (24), unless Indicated**

Note: Some assembly may be required when ordering caps.

Please specify colour of cap when the option of White/Black is list.

Visit our online shop for more bottle & cap options!

Tip: To coordinate bottles & caps, match the last 5 digits of the SKU #'s.

## FOR MORE BOTTLES & CAPS, VISIT OUR ONLINE SHOP

### QUALITY YOU CAN TRUST!

Colour Energy/Ashbury's Aromatherapy essential oils are professional grade. A pure quality oil may smell more subtle compared to cheap alternatives that contain chemical additives to enhance their aroma. We can compare a professional grade essential oil to a fine wine that is often less odourous yet more delightful to the palate (in the case of an oil its scent is more delightful and smooth).

All Colour Energy/Ashbury's Aromatherapy products undergo rigorous testing to ensure their quality and authenticity. All our essential oils are independently lab tested and then further checked by our team of in-house aromatherapists and Colour Energy experts.

### A NOTE ON NATURAL PRODUCTS...

Natural products are more volatile than items containing harmful chemical preservatives. Many natural products should be stored at room temperature and ideally aromatherapy products should be stored at cooler temperatures. When transporting natural aromatherapy products to different venues in your vehicle, please store them in a cooler with a small ice pack.

As well, your stock of natural products should be rotated regularly, ensuring your clients are receiving fresh stock. Floral waters, carrier oils and our All Natural Moisturizing Lotion should be sold within 6 months of receipt. Many essential oils and blends have a shelf life of 2-3 years or longer. Citrus oils should never be exposed to direct sunlight or high temperatures. Shelf life can be shortened if products are exposed to changes in temperature, humidity, etc. Be respectful of natural product and they can last several years.

### NOT ON THE PRICELIST – ASK!

Even though you may not see an item on our regular wholesale and bulk pricelists, we may have it in stock. Our line of containers and caps is growing. Likewise, we carry more essential oils and carriers that we bring in smaller quantities.

Either call us on our toll free number at 1-800-225-1226 or check out our full line of products on our shopping site.
